
Roel Bouman MSc defense

Welcome! Please mute your mics.

Prof. Arjen P. de Vries moderates the session. We start 14.30 sharp. Roel presents his work first, followed by the actual defense.

Second reader Prof. Djoerd Hiemstra will kick off with a series of questions. Raise your hand to ask questions too (click on yourself in the people tab and select the 🖐️ status); Arjen will unmute you when it is your turn.
